

SAVING YOUNG HEARTS 3rd ANNUAL

HEART SCREENING EVENT

Sudden Cardiac Arrest...it does happen to seemingly healthy children and young athletes.

Don't assume that well check-ups or school physical examinations will detect a heart condition in your child. Have your child's heart screened for risk factors associated with Sudden Cardiac Arrest...It's safe, quick, non-invasive and painless.

Early detection saves lives!

REGISTRATION DEADLINE: Tuesday, September 8th

WHEN: Friday, September 11, 2009

3:00pm – 7:00pm

Saturday, September 12, 2009

9:00am – 5:00pm
